

Making Hydrosols

JULY 1

SUNDAY

DISTILLATION WORKSHOP

with Carolyn Veroni-Zinober, LMT, CH

In this workshop you will learn:

- How to distill hydrosols at home using your own plants!
- You will learn what equipment you need, where to get it and how to create high quality products from harvest to bottle.
- I will cover the basics of safely distilling and using hydrosols.
- The subject will be fresh Geranium Pelargonium spp.
- Take home products available.
